Winter produced little rainfall or frosts. Well distributed spring rains in April and May. Veraison took place mid-august with a 10 day delay compared to 2007. Summer was dry with mild temperatures, the harvest started progressively on 19th of September with hot days and cool nights.

San Roman 2008 was bottled in June 2011 after spending 24 months in French and American oak barrels of different ages.

Concentrated and mineral on the nose, offering an incredible aromatic depth with a bouquet of liquorice, chocolate, black fruits and fine toasty notes. Solid and powerful on the palate, with tons of material and vibrant tannins.
