

San Román

2006

alcoholic content	14.5° by volume
grape varieties	tinta de toro 100%
wine production	71.500 bottles and 1.700 magnums
vineyards	san román de hornija-villaester
soil composition	stony and sandy-clay

An early harvest which started on the 6th of September with sun, healthy mature skins and balanced acidity. Lower yields due to the meticulous selection during the collection of the grapes. A vintage with great aromatic potential and concentration with refined tannins.

Intense and creamy on the nose with predominance of black fruit and penetrating minerality. Exudes quality, great freshness in the mouth with magnificent harmony.

San Roman 2006 was bottled in May 2009 after 24 months in French and American oak barrels of different ages.
