TYPE OF SOIL SANDY-CLAY

TYPE OF VINES BUSH AND TRELIS VINES

**AGEING 12 MONTHS IN FRENCH
AND AMERICAN OAK
BARRELS OF DIFFERENT AGES**

BOTTLED FEBRUARY 2016

Relatively warm winter, with below average rainfall and rapid bud break. Frost-free Spring, with early flowering beginning of June. Veraison was completed in the first week of August with moderate average maximum temperatures. From 8th September harvesting took place for 4 weeks with perfect weather conditions and occasional storms refreshing the grapes which had no impact on the health of the fruit.

Homogeneous crop in quantity and quality, with balanced phenolic ripeness, aromatic intensity, precise fruit, smooth tannins and well measured ageing. Irresistibly drinkable even in its first months.
