

PRIMA[,]17

VARIETIES	TINTA DE TORO, GARNACHA AND OTHERS
VINEYARD AGE	BETWEEN 15 AND 50 YEARS OLD
TYPE OF SOIL	SANDY, WITH CLAY IN SUBSOIL
PRUNING	BUSH VINES
AGEING	12 MONTHS IN FRENCH AND AMERICAN OAK VATS AND BARRELS OF DIFFERENT AGES
BOTTLED	FEBRUARY 2019

The heat and low rainfall characterize this vintage of low yields. The months of February and March had high temperatures that brought forward budburst. Spring was short, with peaks of heat at the beginning of June before a hot, dry summer.

These climatic circumstances propitiated an early harvest that began on August 24 with small grapes and good concentration.

A delicate and harmonious **PRIMA**, with primary aromas, distinct floral character and smooth, juicy tannins.
